Gary –

Here's the weekly summary information along with a cost estimate for upcoming field activities and report preparation. During the field visit with one of our clearing subcontractors, they suggested using a Swamp Master unit to access the pits. This would eliminate the need to clear a lot of area around the pits. We also decided that the uneven terrain around the pits was going to be a problem for the man lift. Take a look at the estimate and let me know what you think. If it looks ok, David can send out the proper notifications for requesting a TDD amendment.

Thanks,

Jeff Wright, CHMM
